PAH's current activities in Somalia include:

- provision of safe and sufficient water to the communities in emergency (achieved by rehabilitating crucial water points and increased capacity of water points) - including Water for Schools component;
- construction of gender-sensitive, emergency latrines in the most populated IDP settlements;
- increasing awareness of hygiene practices among communities, including intensive gender-sensitive hygiene campaigns;
- direct cash transfers to most vulnerable households in the IDPs settlements;
- Distribution of Shelter materials and WASH NFIs to IDP households affected by evictions, displacement or natural disasters.

Since the establishment of PAH's mission in Somalia, we have worked with a variety of partners through a diverse funding portfolio. Partnering with local NGOs, iNGOs, UN agencies, institutional donors, local leaders and regional administrations, PAH has been continuing to provide efficient humanitarian aid.
