Evaluation Criteria

- Only bidders who achieve a minimum technical score of **60 out of 100** should proceed to the financial evaluation.
- Technical score is the total marks the bidder gets from the technical parameters (refer to the table in **section E above**).
- The financial scoring formula used will be: **Financial Score = (Lowest Evaluated Bid ÷ Bidder's Evaluated Bid) × 100**
- Both scores, technical and financial, are then combined to an average score: **Total score = (technical score + financial score)/2.**
